

*Bring this form to be filled out by your GP/ health professional, unless other satisfactory documentation can be provided (if you are dyslexic, append a report from your speech therapist.*

## **Statement from GP/Health Professional Concerning the Application for Individual accommodation for everyday student life**

For more information, see the next page.

Students can apply for individual accommodations for everyday student life based on illness, disability or other specific needs, whether temporary or chronic. This accommodation shall compensate for any disadvantage caused by illness or disability, so that the student is able to study on approximately equal terms as her/his fellow students. However, the right to accommodations is applicable as long as it does not place a disproportionate burden on the institution. The accommodations must not lead to a reduction of the academic requirements of a course or the study program.

### **To be filled out by your GP/health professional:**

The patient's name:	
Date of birth	
The illness/disability of the patient is: Acute: <input type="checkbox"/> Long term/chronic: <input type="checkbox"/> Will likely improve in time: <input type="checkbox"/>	
In which way(s) does the illness or disability in question create limitations/disadvantages for the student: Please specify.	
Which measure(s) are recommended in order for the student to be able to complete their studies on equal terms as other students?	

Date: \_\_\_\_\_ GP/health professional's signature: \_\_\_\_\_ Stamp:

## **To the GP/health professional: More information about how student life can be accommodated**

In addition to submitting the application form, the needs for accommodation must be documented by a GP or health professional. It is, however, up to the Department of Academic Affairs to determine what kind of accommodation MF can provide.

### **Examples of reasons for accommodation:**

- Dyslexia
- Illness
- Medication
- Pregnancy/breastfeeding
- Physical or psychosocial impairment
- Other causes of work/study impairment

### **Examples of different kinds of accommodation:**

- Extended deadlines
- Extended time for study requirements
- Study desk
- Absence
